Some More Valuable Information Obtained by the Bureau of American Republics—Other Dispatches as Telegraphed from the National Capital.

WASHINGTON, June 13.—The bureau of American republics is officially informed that the government of Nicaragua has reaffirmed a decree of March 10, 1865, donating to every family of immigrants from the United States and other countries settling in Nicaragua with the object of becoming naturalized citizens, a maximum of 120 acres of unoccupied land, according to the number of persons of the family, and to each able-bodied single man sixty acres.

Immigrants thus settling will be entitled to the rights of naturalized citizens, and will be exempt from army service except for the defense of the integrity of the republic. At the end of ten years of cultivation of the land, commencing from the date of the cession, and on the completion of naturalization, an absolute title will be given. TIFFIN, O., June 13.—A sensation was caused at an early hour yesterday morning when a large monument, erected on the campus of the Heidelberg university by the junior class, was shattered by a nitro-glycerine explosion. KING ON TRIAL.

Lawyer Poston's Murderer Claims He Shot in Self-Defense.

MEMPHIS, June 13.—When the trial of H. Clay King for the murder of Lawyer Poston was resumed in the criminal court yesterday, the dying declaration of the noted lawyer was read. It is as follows:

"I was walking down Main street and saw H. Clay King approaching me. I thought, with the intention of speaking to me. He walked up in front of me and told me I was a d—d — and pulled a pistol and fired, pushing it right at my body. No conversation occurred between us at all. I made no effort to resist what he said. He shot me in an instant."

Dr. Rodgers testified to the nature of the wounds inflicted, after which the state rested its case.

The defense proceeded at once, Col. King taking the stand. "As I left Lee's cigar store on the day of the shooting," he said, "I met Dave Poston. I asked him to withdraw charges he had made against me and my wife in a cross bill filed in the King-Pillow case. He refused, and I denounced him as a scoundrel. He called me a number of vile names and put his hand behind his back. I thought he had a pistol and told him to stand back, and I retreated several steps. Then as he advanced I fired one shot at him. I intended to give myself up to the sheriff, but Deputy Sheriff Smith came up and arrested me. I was not looking for Mr. Poston the day of the shooting. The meeting was sudden and unexpected."

Cross-examined, Col. King said he sued The Memphis Appeal and David Poston for slander, and he himself had been sued by Mrs. Pillow for the same cause.

"The Appeal admitted that it had slandered me," said he in closing, "and made an apology. David Poston did not apologize."

Swing Bridge Refused to Open.

CLEVELAND, June 13.—At 6 o'clock yesterday morning the propeller Queen of the West, ran into the Columbus street swing bridge, wrecking the structure and seriously injuring three persons. The day force had just gone on duty on the bridge and when the vessel whistled for the draw it was found the latch could not be drawn at the west end, and the vessel, having received the proper signal to go ahead, was unable to check her momentum. James Cooney, Herman Sack and Mrs. Mabel Canfield fell thirty feet and were seriously injured. It is feared Cooney will die.

Probable Cause of Murder.

CHICAGO, June 13.—Edward Smythe, an employee of the La Grand Tailoring company, was found at 1 o'clock this morning in an unconscious condition in a doorway at 19 1-2 Quincy street. "He was taken to a police station and died a few minutes after being locked up. The police are of the opinion that the case will prove to be one of murder, resulting from a saloon row. Three men supposed to be implicated in the crime are under arrest, and more arrests are expected to follow."

Jumped from a Train.

ORVILLE, O., June 13.—Blair Barnes, a passenger on the Fort Wayne, No. 20, fast line at 7:41 p. m., jumped from the window of the car at the Main street crossing while laboring under an attack of delirium tremens. He was en route from Chicago to McKeesport, Pa., where, he claims, he has a wife and two children.

RAILROAD ACCIDENT

Heavily Loaded Freight Train Beyond Control.

DASHES DOWN A MOUNTAIN SIDE

A Speed of Seventy-five Miles an Hour is Attained When the Engine and Entire Train Jumps the Track at a Curve. Three Men Killed and Two Others Injured—Other Railroad Accidents.

ALTOONA, Pa., June 13.—While coming down the mountain from Lloyds-ville to Bellwood, on the Pennsylvania and Northwestern railroad, a heavily loaded freight train beyond control of the trainmen, and dashing down the grade at a fearful rate of speed, was piled up and mashed into kindling wood at a curve on the side of a deep ravine about three miles south of Bellwood.

The engine and twenty-five cars, which had been loaded with coal, lay piled up in a mass of broken wood and twisted iron, at the bottom of the ravine, and among the debris were the bodies of the conductor, engineer and one brakeman, with almost the semblance of humanity crushed out of them.

The other train hands escaped with their lives, but all were injured more or less. The track was torn up and blocked for a long distance, and passengers were transferred by way of Altoona and Creston. The accident is supposed to have been caused by wet rails and the brakes refusing to work properly. It has been impossible to learn the names of all the killed and injured men.

The Brakes Failed to Act.

MARQUETTE, Mich., June 13.—A South Shore train plunged down the steep grade at L'Anse hill yesterday, jumped the track in front of the station and smashed the station into kindling wood. Twelve cars were demolished. The engineer was probably fatally injured and two of the brakemen slightly hurt. The grade is a very steep one. One of the cars was loaded with horses and the shrieks of the affrighted animals added to the horror. The accident was due to the failure of the brakes to work.

Wreck on the Kansas Central.

LEAVENWORTH, Kan., June 13.—Word has reached this city of a bad wreck on the Kansas Central, by which the engine was derailed and thrown down an embankment near Savannah. Engineer James Manley and Fireman George Purcell were both killed. Both were unmarried. No passengers were hurt.

THE POPE'S REQUEST.

Preparations for the Reunion of the Eastern and Western Churches.

ROME, June 13.—The pope has just requested several competent men to furnish him with detailed memoranda for an encyclical letter which he proposes issuing in favor of a reunion of the eastern and western churches. The Vatican has been under the belief that European diplomacy would favor the maintenance of the status quo, and therefore gave every opposition to the desired rapprochement. The pope intends to give instructions in the representatives of the Latin church in the east to modify their attitude toward the rival church, and to strictly avoid any actions of an inimical nature, in order that a more friendly spirit may be generated between the two churches.

Prominent Republican Dead.

WASHINGTON, C. H., O., June 13.—Hon. J. M. Wilson, aged 50, of New Holland, ten miles east of this city, died at 11 p. m. Thursday from cancer of the throat. The deceased was a staunch Republican. He was appointed consul at Bremen during the Grant administration, serving eight years, and during the Hayes administration he was sent as consul to Panama. He was also a member of the Ohio legislature for one term in the seventies, and was a delegate to the last National Republican convention. He always took an active interest in Republican politics in this section. He had spent a great deal of his time in Cincinnati during the last few years, where he has many relatives.

Boot and Shoe Failure.

CINCINNATI, June 13.—Lytle & Company, wholesale boot and shoe dealers at 91 West Pearl street, has made an assignment to Frank Alter. The assets are said to be \$90,000 and the liabilities \$160,000. No preferences were given. The failure is due to impairment of capital, which, in connection with the dull season, slow collections and the Simpsonson assignment, from which the firm suffered, made it impossible to pull through. The indebtedness is largely in the east.

Missing Man Heard From.

LOS ANGELES, Cal., June 13.—The detectives who have been at work on the mysterious disappearance from Chicago of H. Jay Hanchette, say that they have received information from New York stating that Hanchette is now on his way to South America. It is further stated that the missing man said that he would start for that country if the orange carnival at Chicago did not prove a success.

Trouble Obviated.

CLEVELAND, June 13.—The trouble that was expected would take place on the ore docks Friday morning has been obviated for the time being at least. The strikers and employers have appointed committees to try and effect a settlement of the troubles.

Foot Crushed.

PORTSMOUTH, O., June 13.—Jordan Shields, a stonemason employed in the erection of our government building, had his foot crushed yesterday by a heavy stone. It is feared amputation will be necessary, as the foot was crushed into a jelly.

ELLIOTT'S MURDER TRIAL.

Another Witness Evidence Places the Murderer in Bad Light.

COLUMBUS, O., June 13.—The most interesting session of the Elliott murder trial was yesterday afternoon, when Blanche Wilson was put on the stand. She is the young lady over whose shoulder Elliott is alleged to have fired at Osborn. She gave a clear and concise statement, but was slightly perplexed in fixing the exact location of the tragedy. She is a stenographer, and the substance of her testimony is as follows:

In the afternoon of Feb. 23, she was walking in company with two friends on High street. When McDonald & Stenbos hat store was reached, she felt some one tread on her heels, at the same time laying a heavy hand upon her shoulder, this was followed hardly a second later by the report of a revolver discharged close to her ear. She turned her head, badly frightened to observe the effects, and two more shots followed in rapid succession. The man at whom the shots were fired came out from near the stairway and retreated to the north, holding his hand before his face as if shielding it.

The person that had hold of her shoulder she described as being rather tall and attired in a heavy overcoat. As soon as he began firing, a policeman started to interfere, but as the revolver was again raised the officer jumped back out of danger. She maintained throughout the cross-examination the same exactness as to the position the shooting occupied. Her examination consumed nearly the entire afternoon.

BATTLE IN CHILI.

Government Troops Victorious in an Engagement With Insurgents.

WASHINGTON, June 13.—The Chilean legation has received a telegram from Chili saying that the naval vessels of the government had pursued the insurgents in Tarapaca. The Condell, the Lynch and the Imperial have bombarded Pisagua and Iquique without managing to bring out the insurgent ships which hid among the foreign vessels, so as not to be destroyed by the torpedoes.

The insurgent vessels are in a very bad condition, the telegram says, and all the veteran sailors have deserted and offered their services to the constitutional government.

The Report Confirmed.

NEW YORK, June 13.—A cable dispatch received from Chili by a mercantile house of this city confirms the news of the bombardment, by the government vessels, of the ports occupied by the insurgents. It is also reported that the forces of the government have landed at various points on the coast and were joyfully received. More than 1,000 soldiers and marines, who were detained by the revolutionary forces, were liberated, and embarked on the transport steamer Imperial to serve under the orders of the government.

PROBABLY A MAD MAN.

A Stranger Enters a Chicago Residence and Carves Up Two Women.

CHICAGO, June 13.—Last night at about 8 p. m., a woman's scream issued from a window over Twenty-third avenue. A score of men rushed up to the room and found both Lottie Wheeler and Lillie Cameron severely wounded. Miss Wheeler tells the following story: "I had just stepped out into the hall when I saw a man nearly up the stairs. He had a big knife in his hands, and by the wicked look in his eye I knew he meant to do harm. As soon as he saw me he jumped at me and I turned around to call Lillie, when he struck me with his knife. Then Lillie came and he cut her in the face. We were screaming, so he ran and jumped out of the window."

The young ladies had on loose wrappers. Miss Wheeler was thus unprotected and the knife cut a deep gash which half encircled her waist. Miss Cameron, who was wounded most severely, has a cut extending from the right eyebrow down the cheek to the base of the jaw. The man's name is unknown. Many rumors were circulated as to the strange attack, but none of them are verified.

Murderous Tramp Killed.

GREELEY, Col., June 13.—As the second section of freight train No. 11 on the Union Pacific was pulling out of Eaton yesterday brakeman John Dillon tried to put a tramp off the train. The tramp shot Dillon four times, killing him instantly. The tramp then jumped from the train and ran. He was followed by brakeman Mattingly, who caught him and shot him three times. The tramp died an hour afterwards.

Hotel Burned.

ST. LOUIS, June 13.—A special from Fort Smith, Ark., to The Post Dispatch says: The LeGarde hotel, a three-story brick building, burned at midnight last night. An adjoining building was badly damaged. The total loss will reach \$25,000; insurance, \$19,000. Louis Dudel, a fireman, had his arm broken, and two guests were slightly injured by jumping from the third story windows.

Novelist Dying of Consumption.

PITTSBURGH, June 13.—A letter to a friend in Beaver, Pa., near here, says that Rudyard Kipling, the novelist, is dying of consumption, and that abscesses have formed on his lungs and at intervals he cannot speak above a whisper. By order of his physicians he was two weeks ago taken from London to Italy, where it was hoped the climate would be beneficial.

Newspaper Burned Out.

ST. LOUIS, June 13.—A special to The Post-Dispatch from Pacific, Mo., says fire last night destroyed The Herald office and adjoining buildings. Loss, \$20,000, partially insured.

Killed by Lightning.

LOGAN, O., June 13.—John Harman, a young man about 22 years of age, living eight miles north of Logan, was struck by lightning and killed.

EVENING BULLETIN.

DAILY, EXCEPT SUNDAY.
ROSSER & MCCARTHY,
Proprietors.

SATURDAY, JUNE 13, 1891.

WHAT has come over the Cincinnati Enquirer? It is publishing press notices of late praising Grover Cleveland.

JOHN J. ASHENHURST is the nominee of the Ohio Prohibitionists for Governor. There will be four tickets in the field in that State in the coming fight.

"NO SURRENDER to any new party, or new question; but keep tariff reform to the front and stay with it until you succeed, if takes a century," is the watchword of Senator Kenna, of West Virginia.

THE Harrisburg Patriot has an article this week, the substance of which is that Governor Hill has decided not to enter the race for President, and that Tammany Hall will boom Governor Pattison of Pennsylvania for the nomination. With the Tammany Democrats it is anybody to beat Cleveland.

SPEAKING of that conference at Lexington, the Louisville Post says: "Mr. Frank Strauss' kodak of the meeting was taken on the spot, and is strikingly true to nature. Any one familiar with the original will recognize it at once: 'It is made up of railroad attorneys, capitalists, bankers and lottery men. There are a few farmers in the crowd, but upon investigation I find they are more interested in bank stocks than they are in farm lands.'"

THE Courier-Journal and other opponents of the new Constitution magnify their mole-hill objections into mountains.

Yesterday that paper devoted over a column to show that the new organic law ought to be defeated because it limits the sessions of the Legislature to sixty days. The C-J. may not know it, but this clause in the new Constitution meets with almost unanimous approval. A Legislature that cannot enact all necessary laws in sixty days ought to quit business.

This clause in the new Constitution is a wise one and will save the tax-payers thousands of dollars.

THE levy in Shelby County this year for railroad purposes is \$1 on the \$100. Her railroad debt is \$323,000. The tax-payers of Shelby no doubt unanimously approve that clause in the new Constitution which prohibits any county from voting aid to railroad enterprises.

"We in Shelby County, in common with the toiling masses of the whole State," says the Sentinel, "are from this time onward to be wedded to that theory which allows taxation for government, and for government alone. This provision (Section 185) in the new Constitution is vital and fundamental. Its absence from the present Constitution has enabled soulless corporations to suck the life blood of the people of our counties and impoverish thousands of families in Kentucky. Nobody knows this better than the Courier-Journal. We write advisedly. Its columns in the last six or eight months have time and again contained expressions strongly commending the substance of this section, and why? It knew that it was a most proper and substantial restraint of corporate powers; it knew that the interest of the people demanded it. Hence it urged it as one of the most necessary and important changes and wise provisions."

But of late the C-J. has changed its opinion on this subject, and it now wants the people to reject the new Constitution because "it gives existing railroad lines a perpetual monopoly in the State by absolutely prohibiting counties, however urgent their need and however strong their desire, from encouraging the building of new lines."

The Sentinel inquires: "What has changed the tone of the Courier-Journal? We are not able to comprehend. We give it credit for capacity, but it is at the expense of its candor. If this provision was wise a year ago it is wise now. The Courier-Journal ought to have a better memory."

THE News-Democrat, of Georgetown, O., says: "In 1888 the total vote in Brown County was 7,474, in 1889, 7,114 and in 1890 6,684, and now the enumeration shows 7,646 male persons over the age of twenty-one. This indicates that there are fully one thousand men in this county who fail to avail themselves of the highest privilege of citizenship. Taking the enumeration and multiplying by four, the ratio upon which such calculations are based, and it is indicated that our population is 30,584. The government enumerators only gave us 29,829--685 short of what we are entitled to."

MINER'S MAXIMS.

FICTION will falter when Fact is in the way;
FACT you can find when Fiction is astray.

Fiction is like ice—exceedingly slippery. It is not pleasant to discover that, like the article you have purchased, you have been sold. When we tell you just what our Shoes are, neither more nor less, we give them the best recommendation they can possibly have.

As a rule it is not safe to make predictions, but the fate of misrepresentation can be easily prophesied. Discovery follows deception just as surely as darkness follows daylight.

We can afford to part with anything but our reputation for reliability.

Good Shoes are not scarce; they are not only plentiful, but cheap. You cannot be too good to your feet, and there is no excuse for crowding them into indifferent and torturing material.

NEW WORK FOR WOMEN.

A Lady Who Wants to Become a Railway Postal Clerk.

WASHINGTON, June 12.—The following letter has been received at the postoffice department from a school teacher in one of the middle states.

In all the vocations of life during past time woman was considered inferior to man, but now she proves herself equal to, and in many cases superior to him. The place woman is taking in this country increases daily. I have a desire to make a start for her in a new direction, and get a position for which she is as well adapted as the sterner sex. I refer to the position of postal clerk.

I understand there is a mere possibility of one of the clerks on the railway post-office being promoted, which will cause a vacancy. I am perfectly capable of taking that position, and wish to be considered an applicant for the same. I am a graduate of a high school in Ohio and a normal in this state. I am perfectly healthy and can well stand the trials of the position. I weigh 145 pounds and am quite strong, being an old school teacher and plenty able to handle all mail sacks.

GUATEMALAN EDITORS.

Punishment Meted Out to Three of Them for Attacking the Government.

ST. LOUIS, June 13.—News from the City of Mexico received here says that a dispatch has been received there from Guatemala stating that the president has caused the imprisonment of the three editors of El Popular, of Gueztanango, for publishing an attack on the government under the caption "thieves authorized and unauthorized."

The imprisoned men are subjected to all sorts of indignities. They are compelled to sweep the streets with a ball and chain attached to their limbs, carry heavy burdens and do other degrading labor. The plant of the paper was seized and confiscated. There is much indignation expressed by the people of this high-handed procedure, and revolutionary talk is growing.

LONG TIME ON EARTH.

Death of a Colored Woman After Living One Hundred and Twenty-Seven Years.

INDIANAPOLIS, June 13.—Mrs. Chloe Ouden, a colored woman, died here yesterday at the unusual age of 127 years. She was born a slave in North Carolina in 1764. Her first child, Mrs. Rosa Blue, is still living, and was at the bedside when the old lady's last breath was drawn. Mrs. Blue was born in 1797.

The family passed from the possession of one family to another until purchased by Nathaniel Ouden, from whom their own family name was taken. Of this family and its progeny there remains, since the death of Mrs. Ouden, but three known members, Robert Blue, almost a centenarian; Mrs. Emma Blue, aged 94, and Edward Blue, aged 16, and all lived together in a little hut near Brightwood. Originally Mrs. Ouden's family consisted of fourteen children.

HOMESTEADERS WAITING.

Thousands of People Ready to Enter the Indian Reservation.

WATERTOWN, S. Dak., June 13.—Intending settlers have already begun to arrive here in anticipation of the opening of the Pisseton and Wahpeton reservation, which will take place early in July. The tract which will be thrown open to homesteaders is dotted with the "outfits" of those prospecting for the most available land, and the rush for claims will rival that experience in Oklahoma during the boom days.

There will not be the same number of disappointed settlers, however, on the new tract as there was in Oklahoma, owing to the uniform fertility of the soil. The crops in the Sioux valley, in which the reservation lies, have not failed during the last twenty years.

Wealthy Woman Disappears.

ST. LOUIS, June 13.—Mrs. C. K. Jaynes, wife of a wealthy furman of Chicago, is mysteriously missing from this city. Her husband has a stable of runners at the St. Louis track. Yesterday morning Mrs. Jaynes left her boarding house for a shopping expedition, and up to the present time she has failed to return. It is said that Mrs. Jaynes had about \$6,000 worth of diamonds on her person. A cabman drove Mrs. Jaynes to a dressmaker's yesterday, and afterwards to a well known restaurant, where she alighted and paid her fare. The police are actively at work on the case.

Grave Robbers Dismissed.

JEFFERSONVILLE, Ind., June 13.—The case of the state vs. Drs. James Blackburn and William E. Grant, of Louisville, Ky., for alleged conspiracy to rob the grave of Ed. Pierce at New Albany, was dismissed by Judge Ferguson yesterday. It will be remembered that the doctors and companions were captured by a posse one year ago in the New Albany cemetery, and one of the doctors' party, a colored man, was killed.

Will Preach to the People Here.

COLUMBUS, Ind., June 13.—Elder Z. T. Sweeney, of this city, consul general to Turkey, has been granted a ninety-day absence, and will return home, arriving here about the 1st of August. It is currently reported that he will return to Constantinople, but will tender his resignation and again accept the pastorate of the Christian Tabernacle church here, which he held for many years, prior to going to Turkey.

Heart-Broken Man Suicides.

COLUMBUS, O., June 13.—Valentine Burke, an aged baker, heart-broken by the departure of his newly married daughter for her new home in Tennessee yesterday morning, threw himself into the lake at Goodale park and was drowned in sight of his agonized wife, who had followed him, but was powerless to save him.

Argentine Buffeted.

BUENOS AYRES, June 13.—Public opposition to the measure has proved so strong that the senate has decided to reconsider the passage of the bill, which, as announced yesterday, was to suspend gold payments for six months.

Murderer Hanged.

BALTIMORE, June 13.—William Blaney was hanged in the jail yard here yesterday for the murder of his grandmother and aunt in their home in this city, on the night of May 2, 1890.

Every Sunday.

Commencing Sunday, June 27, the Chesapeake and Ohio railway will run special excursion trains in both directions, between Cincinnati and Portsmouth and intermediate stations. Half rates between all stations. No ticket to be more than \$1.25.

These trains arrive in Cincinnati at 11 a. m. and leave Cincinnati at 7:10 p. m. This allows ample time to visit the Zoological gardens, the art museum and the many other attractions offered by the Queen City. Those who desire to do so can stop off at Silver Grove Park. The management of this beautiful park have spared no expense to make it the most attractive pleasure resort near the city. Bellstedt and full orchestra have been engaged, and all kinds of amusements provided.

The west bound train referred to in the above starts from Portsmouth at 7 a. m., and in the evening it returns to Portsmouth. In the opposite direction the Sunday excursion train leaves Cincinnati at 8:05 a. m. and runs through to Portsmouth, leaving there at 3:45 p. m.

The cheap rates apply on these trains in either direction, and to all stations between Cincinnati and Portsmouth.

For the Farmer.

The fruit crop promises fairly well in Fleming.

The greater part of the tobacco crop in Robertson and Fleming counties has been set.

Judging by the number of new threshing machines received here recently the farmers are expecting a big harvest.

The Vanceburg Times says: "Considering the season the outlook for all crops could not be more promising. Corn planting was somewhat retarded by the drought. The fruit crop is the best in years, favorable reports come from the tobacco growers, meadows are short but exceedingly heavy. All told we see no cause for the farmer to complain."

Real Estate Transfers.

Lulie Wood and husband to Louis Roser, house and lot on northeast corner of Second and Wall; consideration \$3,200.

Killed by Concentrated Lye.

The two-year-old son of Rev. Charles Yorke, who lives near Washington, was poisoned yesterday by drinking concentrated lye.

The family washing was being done and there was a cup of the solution near by. The woman who was doing the work turned away for a moment and the little fellow seized the cup and took a drink out of it. He died in a few hours.

Rev. Yorke and family have the sympathy of the community in their affliction and trouble.

CANDIDATES for the various positions to be filled by the next House of Representatives are already coming to the front, although the members of that body will not be elected until next August. Ex-Mayor Taylor, of Frankfort, wants to be Speaker, provided he is chosen Representative from Franklin County, and there is little, if any, doubt as to that.

The remaining stock of china, glass and queensware must go. Closing out sale will continue until all is sold. Come one and all, and take advantage of the low prices. Yours respectfully,

OBERSTEIN & COHEN,

1044t Sutton street, Maysville, Ky.

Mass Meeting.

We, the members of "The Ministerial Union," are gratified at the general and hearty response given by the citizens generally to our request for a proper religious and civil observance of the Lord's day. Last Sunday the barbers, some of the clothiers and grocers closed voluntarily. Some of the butchers, bakers and confectioners express a willingness to close after their early morning delivery. Some of the drug stores propose, of their own accord, to sell nothing but medicine. In short, there seems to be a very general, though not universal, willingness and determination to close all business and work, except that of necessity, mercy, or charity, as permitted by the church and State—provided the closing is universal.

Now, to sustain those who have closed, and are willing to close, and to induce those who have not yet expressed their purpose to close, to do so voluntarily and without compulsion, we call a mass meeting of all the citizens of Maysville, men and women, at the court house to-morrow (Sunday) afternoon at 3 o'clock, to unite with us in our request, and do whatever else they may deem proper to secure to Maysville a day of rest. We also earnestly call upon all to close their places of business to-morrow, June 14th. Leading citizens will address the mass meeting.

THE PREACHERS OF MAYSVILLE.

"We have had an epidemic of whooping cough here, says A. B. Pope, Stewart, Tenn., and Chamberlain's Cough Remedy has been the only medicine that has done any good." There is no danger from whooping cough, when the remedy is freely given. It completely controls the disease. Fifty cent bottles for sale by Power & Reynolds.
